Changes to your Dwelling Coverage Limits

Please review changes to your Property Coverages which can be found on your New Business Declarations summary under Section I - Property. Each year we evaluate your property's current replacement cost which is listed under Coverage A - Dwelling. Replacement Cost is generally defined as "the cost to replace a structure with materials of like kind and quality without deduction for depreciation". Replacement cost simply reflects the cost to rebuild your home in the event of a total loss. Your home is broken down into components (framing, roofing, etc.) and valued at the cost to reconstruct each component in today's economy taking into consideration materials, labor rates and local building codes. It is also a good idea to re-evaluate your home's replacement cost after you have completed any remodels, upgrades or modifications to your home. If you have made any alteration to your home or believe the dwelling coverage limit to be inappropriate you may contact us at any time during the policy term so that we can update our information and re-evaluate your coverages.

The Coverage A amount listed on your Declarations page, (Limit of Liability) is based on an estimate of the cost to rebuild your home, including the cost of labor and materials in your area, and specific information you have provided about your home. We take care in providing these estimates; however, the costs associated with rebuilding your home are subject to the market environment at the time of loss. While we can assist you in calculating the Coverage A amount, it is your responsibility to make sure that we have the most up to date information about your home and the amount of coverage is sufficient to rebuild your home. If your policy does not currently have one of our Replacement Cost endorsements listed in the Optional Endorsements section of this packet, we urge you to call us today and speak to one of our licensed representatives about adding these coverages.
